

Cox's "Unbelievably FairSM" Wireless Service

Say goodbye to vanishing minutes and surprise overages on your wireless bill. Cox Communications is now offering its "Unbelievably Fair" wireless service with superior bundling benefits and a value add proposition that is unprecedented in the industry.

Unbelievably Fair Offer

- **MoneyBack MinutesSM** - Customers receive \$.05 per minute cash back on their bills for unused minutes each month depending on the plan -- up to \$20 a month with a maximum savings of \$240 per year
- **Bundle BenefitsSM** – Customers who subscribe to more than one Cox service can choose one free upgrade just for adding wireless voice. Choose between free premium channel/[Cox Movie Pak](#); a high-speed Internet upgrade; unlimited domestic long distance calling on Cox Digital Telephone home service; or earlier unlimited weekday calling with Cox Wireless
- **Usage AlertsSM** – Customers receive an automatic text message alert when they approach their maximum number of monthly minutes/messages, so they can avoid overage charges

Unbelievably Fair Rate Plans

As part of Cox's commitment to treat customers fairly, wireless rate plans are competitive – especially as part of the Cox bundle:

Individual monthly rate plans

Unbelievably Powerful Wireless Devices

Cox Wireless offers a wide range of feature-packed devices to meet the needs and tastes of every customer: from Android™ enabled smartphones to feature-packed devices with Brew applications.

- **HTC Desire™**, an Android enabled touch smartphone with WiFi, 1 GHz processing speeds and HTC Sense™ interface
- **Motorola Milestone™**, an Android enabled smartphone with WiFi, Qwerty slider keyboard, advanced processor with 3G speed, 3.7-inch screen and 5-megapixel camera
- **LG Axis™**, an Android enabled smartphone with 3.2" (480x 800) touchscreen and slide out QWERTY keyboard, Wi-Fi and 3.0 MP camera which support panoramic shots
- **HTC Wildfire™**, an Android enabled smartphone with WiFi featuring app-sharing widget that works on Twitter, texts or email with a 3.2-inch touch screen
- **Samsung Messenger Touch™**, Brew enabled multimedia device featuring a 2.6-inch touch-screen, QWERTY keypad, pre-loaded widgets and 100 MB of storage
- **Samsung Profile™**, stay connected on the go with this 3G messaging platform on a BREW operating system. Includes a QWERTY keyboard with 2.4" screen and 2.0MP camera
- **Samsung Finesse™**, Brew enabled multimedia device featuring a 3.2-inch touchscreen, microSD card slot for up to 16GB more media storage and 2.0 MP camera.
- Plus, several other feature phones and the Cox 3G U210 On-the-GoSM Modem, for Cox High Speed Internet On-the-GoSM

Unbelievably Integrated

To help simplify customers' lives, the Cox Wireless experience will debut with popular Cox features integrated select mobile devices, such as:

- **Cox Remote Guide Access** to view TV listings and schedule Cox DVR recordings
- **Universal Contact Manager** to securely manage, backup and organize all Cox High Speed Internet and Cox Wireless contacts in one place; and
- **Voice Mail to Text** which converts voice mail messages to text and delivers them to the Cox Wireless device as a text message, giving customers the freedom to read messages and respond without ever dialing.

Cox is currently trialing mobile video and will continue to enrich and evolve its wireless experience by adding new features and services.

Unbelievably Useful Navigation

Popular mobile applications, including **Rand McNally Navigator** for turn-by-turn GPS navigation, are available for download to Brew-enabled phones from Cox Wireless. Additionally, easy-to-access widgets provide instant access to news, sports, weather and horoscopes, which can be customized easily on the device based on individual preferences.
